:9. Course Objectives	
1- This course aims to explain the provisions of civil law.	
2- Introduce students to the pillars of the contract and the pillars of contractual and tortious liabilities.	
3- Introduce students to how to implement the obligation.	
4- Identify the ways in which the obligation expires.	

1. Learning outcomes, teaching and learning methods and assessment

1-The course aims to prepare a solution for the student that he can rely on to solve the practical issues assigned to him.

2-Teaching students, based on discussion and brainstorming, how to find a legal solution to the presented incident.

3-Teaching students, through assignments and discussions, how to attribute legal opinions to different legal rules.

4- Evaluating students based on the questions raised in the classroom.

A- Teaching and learning methods

1- Learning based on the curriculum book and lectures in the classroom that include diagrams and tables that clarify the connection between topics and their branches, ensuring that the full picture of the topic is shown to the students.

2- 2- Education by informing the students of the legal text and involving them in understanding the text and identifying the objectives of the Iraqi legislator.

B- Evaluation methods

Students are evaluated according to the following methods:

-1Various oral and written tests (daily and monthly).

-2Practical assignments and tasks.

-3Class participation in discussions.

C-Thinking skills

Students' creative thinking skills are assessed through the practical issues raised and the assignments required of them that require finding the legal basis for the topic presented for discussion.
